Re: A new idea for a New Collaborative R01 proposal to be...

To: Lbachir BenMohammed & 2 more

[Details](#)

Hi Lbachir,

I will try to provide you with legends, annotations and explanations during this weekend. It's not that difficult to understand (I hope) if you just have them side by side and a little text to explain. In the attachment the three different particles are displayed side by side (monomer on top, particle at the bottom).

I will further comment and explain in the next couple days.

Best regards, Pete
